

The Devenish Bradshaw Charitable Trust

Press Release

Improvements to the Laverstock water meadows

The community of Laverstock, Wiltshire is today celebrating the news that The Devenish Bradshaw Charitable Trust has received a £10,000.00 funding boost from The Hills Group Limited.

The money has been made available through the Landfill Communities Fund (LCF) which is administered for Hills by Community First, the Rural Community Council for Wiltshire.

The funds will improve a very muddy stretch of walkway on to the meadows, provide wildflower seeding, gates and fencing to improve community access and benches to sit and enjoy what the meadows have to offer. The funds will also provide an oak notice board to keep the community informed of activities on the meadows and volunteering opportunities.

Jane Wilkinson, Chair of The Devenish Bradshaw Charitable Trust, who are entrusted with the care and preservation of the water meadows, is delighted with the funding award.

“The Trust is very excited to be making these improvements to the Laverstock meadows as part of a long-term project in partnership with the River Bourne Community Farm to restore the flora, fauna and natural beauty of the meadows. We are looking forward to creating a beautiful, accessible green space for the community to enjoy and are extremely grateful to the Landfill Community Fund and Community First for their support with the project”.
